Experience

Improvement Lead Trainee at Ericsson

May 2026 - August 2026

- **Designed and developed a Power BI KPI dashboard** from scratch to **automate manual data entry** for product test tracking, applying star schema data modeling, DAX measures, and Power Query transformations to deliver accurate, real-time reporting for the Test Technology department.
- Integrated data from Snowflake, SharePoint, Excel, and Power Apps using SQL queries and DAX measures, eliminating manual data entry and delivering real-time reporting for the dashboard
- **Led stakeholder communication** across dashboard shareholders: Test Project Managers, Program Managers and Line Managers to define requirements, align on KPI definitions, and ensure the solution met quality standards.

Quality Assurance Intern at Reetro

Reetro: Agile Retrospective Tool

October 2024 - February 2025

- Achieved efficient **automated testing** for production, as measured by improved test coverage and faster issue detection, by initially using **Selenium** IDE for test automation. Then shifting to **Playwright** for **API** automation testing
- Slashed critical defects in production by 25% by implementing **Playwright** for E2E testing, improving system reliability.
- Performed **module, integration and system level testing** and created **bug reports** for **manual testing**

Participant of WiseWomenCode 2026 at Wise

WiseWomenCode: 3-day technical & professional development program

18 - 20 February 2026

- Learned and coded in **Java** with assisted help of a software developer at Wise
- Attended workshops related to **AI and ML**

Skills

Technical Skills:

- **Data Visualisation & BI:** Power BI (DAX, Power Query, Star Schema Modelling), Power Apps
- **Databases & Querying:** SQL, Snowflake, SharePoint, Excel
- **Programming:** Python
- **Testing & Automation:** Playwright, Selenium IDE, API & E2E Testing

Data & Analytical Skills

- KPI Design & Tracking
- Data Modelling (Star Schema)
- ETL & Data Integration (multi-source)
- Data Quality Assurance
- Requirement Gathering & Analysis

Soft Skills

- Stakeholder Communication & Management
- Cross-functional Collaboration
- Process Improvement
- Agile Methodology

Education

Bachelors in Arts, Impactful Entrepreneurship (Estonian Business School), 2024 -2027

Languages

English: Native

- Work shadowed a senior platform engineer at Wise and learned technical concepts related to **Platform engineering, Back end development, Cluster, Docker**
- Learned concepts relating to **cybersecurity, incident handling, and data algorithms**
